RELIGIOUS SERVICES YESTERDAY.—The weather yesterday was delightful, and large congregations were present in all the churches. Father Cicchetti, the new assistant pastor of St. Mary's Church, preached the first sermon of his pastorate, Father Kroes being in Richmond attending the installation of Bishop Gibbons. Rev. Mr. Simpson preached in the Presbyterian Church. Rev. Mr. Mills in the morning and Rev. Dr. Little at night in the M. E. Church South, and Rev. W. U. Herbert in the M. P. Church at night. Mr. Seixes, of Washington, read the service in the German Lutheran Church. The pulpits of the other churches were filled by the resident clergy. The following is a report of the work done during the day by the Young Men's Christian Association:

"The mission Sabbath School on the fish-wharf opened with an increased number of scholars, and a full corps of teachers. This activity is now supplied with a Sunday school library, giving great satisfaction to the children, whose department in the school affords intense gratification to the instructors. The exercises were closed by an address from Superintendent Hawkins. The Alms house services were attended by less numbers than upon the last two or three Sundays, and a smaller corps of the committee—the latter was owing to the fact of the funeral at 3 p. m. of Mr. T. E. Athey; the exercises, however, were of the same interesting and happy character as heretofore. The jail services were well sustained; the corps of workers not very large, but their hearts were cheered; the funeral of Mr. Athey reducing the number of the committee. At the usual basin the colporteur, after distributing his tracts and papers, held a prayer meeting of such great interest that two parties who had fallen back were induced to reconsider and return to their first love. The Sunday prayer meeting in the First Presbyterian Church was largely attended; the exercises were of the most solemn character. Messrs. O'Neal, Whitteley and Fleming, in their remarks in memorial of Mr. Athey, happily alluded to the Christian zeal and energy of the deceased in his connection with the Association, and forcibly directed the attention of all present, especially the unconverted, to the "shortness and uncertainty of human life," and counseled diligence in the work for Jesus, on the part of the young members of the Association. The full congregation, the solemnity of the occasion, the manifest emotion of the parties present, and the general tone was the most heart searching the reporter ever witnessed, or enjoyed." This meeting will be held next Sunday in the Methodist Episcopal Church South.

LYNCHBURG AND DANVILLE RAILROAD.—

The Chatham Tribune says: We have seen an outline map of the road from White Oak Mountain to Reynold's Summit, showing the exact state of the work at this time. We were surprised to see that so little of the work of grading is unfinished. We are informed by Captain Fendall that the whole of his residence (in which is contained some of the heaviest cuts, fills, and other work on the road,) will be completed and ready for the rails by 1st of January. We also learn that from Reynold's Summit to Staunton river the work is very nearly done, the contractors on that part of the line expecting to finish up by 1st December.

DESERTED HER CHILD.—A colored man named Armistead Bundy living near the Alms House, in the county, called at the Mayor's Office this morning having with him an infant, which he said, his daughter-in-law, a woman named Mary Mars, had left at his house last Saturday night. She had not been there since, and as he was living by himself and had to go to work this morning he wanted permission to have the child taken care of at the Alms House. A warrant was issued for the arrest of the unnatural mother, but she hearing of what had been done returned to Bundy's house, and again took charge of her child.

PERSONAL.—Judge Keith, Dr. Toney and Messrs. R. T. Scott and J. M. Forbes left here this morning for Leesburg, to attend the Circuit Court for Loudoun county, which meets to-day, and at which the famous Lloyd case will be tried, though that case will not be called until Wednesday.

Messrs. John B. Baldwin and James H. Williams left here to-day for Culpeper Court-house to address a Conservative meeting to be held there to-day.

O. A. & M. R. R.—On the 17th inst., the Board of Public Works received from the Orange, Alexandria and Manassas Railroad Company the sum \$842,000 in State bonds, in full settlement of the deferred payments of the company on its purchase of the State's interest in the road. In March last the company paid \$188,000 in State bonds on this purchase—making the whole amount thus paid by the company \$1,030,000, which goes to the reduction of the public debt.

LEGAL DECISIONS.—In the U. S. Circuit Court setting in Richmond on Friday a verdict was given for the defendant in the case of James S. French vs. Alexander Hay—an ejectment suit, removed from the District Court in Alexandria. On Saturday, the last case of French vs. Hay was tried and decided in favor of the defendant, J. Harner Gilmer for plaintiff, and General Wells and Judge Morton for defendant.

The bark Orient, which passed by here on her way to Georgetown last week, to be loaded with coal for Apiswall, returned here to-day to complete her cargo.

THE PATONBURG RIOT.—Special deputy W. D. Allen, of Hunterdon county, New Jersey, is now in this city waiting for the proper requisition upon which to take Charles Perkins, W. W. Banks and William Pierce, colored men, confined in jail here for complicity in the late riot near Patonburg, back to that county for trial.

Mr. James Dempsey, the contractor on that section of the railroad in which the riot occurred was here to-day and paid off those of the colored men who had run away from there without waiting to receive the wages due them.

SUDDEN DEATH.—Mr. T. Edgar Athey, employed at the coal wharves of Mr. J. P. Agnew, accidentally hurt his head while jumping aboard the tug comet, in the dock, early last Monday morning, but as the pain soon wore off, thought nothing more of it, and resumed and continued his employment until Saturday evening last, when he was suddenly seized with a violent pain in his head, and though he received the best medical attention, soon became unconscious, and died that night.

IMMIGRANTS.—Messrs. Green & Wise, the real estate agents in this city, by whom the scheme of immigration, noticed in another column, was started, received a letter on Saturday last from those now at its head in which they say that everything is prospering, and that Strawberry Hill, three and a half miles from this city, on the Leesburg Turnpike, must be put in order for the reception of the first installment of the immigrants.

TELEGRAPH NEWS.

[Special Dispatches to the Alexandria Gazette.]

From New York.

NEW YORK, Oct. 21.—It is understood that the new indictment against Tweed covers the new charges, witnesses having been found who could swear positively to the division of the money between Ingersoll and Tweed. It is stated that it will be difficult for Tweed to obtain bail now; that his apprehension will be a strong move for him to remain away from the city.

The indictment against Hall covers seventy-eight counts and is based on ad interim board of audit frauds.

The rumor that an ex-Sheriff had been indicted, grew out of the fact that the indictment was found against a former attaché of the sheriff's office.

One thousand dollars have been sent from here to the Baltimore clothing cutters who refuse to accede to the demands of the employers. More money is to be forwarded.

Mr. William M. Evans sailed from Liverpool for this city last Saturday in the steamer Java.

Financial.

PHILADELPHIA, Oct. 21.—A meeting of business men of Philadelphia was held at the Commercial Exchange to-day to discuss the proposed reissuance of forty-four millions in legal tenders. The only business done was the submission of resolutions by George Fox to the effect that the business men of this city would endorse the continuance of Secretary Boutwell's former policy, viz: The purchase of bonds from time to time to relieve the money market. The resolutions were referred to a committee. The next meeting will be held at the call of the chairman of the committee on resolutions.

Marine Accidents.

SAVANNAH, GA., Oct. 21.—The steamship Huntsville, hence on the 19th instant for New York, broke her shaft off Edisto and was towed into the Tybee by the steamship San Salvador. She will be towed up to this city. The steamship Saragossa, from Baltimore, reports the ship Eueury, from Cardiff, with iron for Port Royal, ashore off Hunting Island Oct. 20th, dismasted; took off the captain's wife and part of the crew. The Eueury will probably be a total loss.

Election in France.

PARIS, Oct. 21.—Returns from Algeria of the elections yesterday to fill vacancies in the National Assembly are very incomplete. Those that have been received show that Cremieux is ahead of all the other candidates. It is not yet known who are elected in the departments of Calvados and Indre-et-Loire, but it is believed the radicals have been successful.

Rate of Discount.

NEW YORK, Oct. 21.—11:30 a. m.—It is probable that an advance in the rate of discount of the Bank of France will be made to-day.

FROM LEESBURG.

Circuit Court—The Lloyd Case Fixed for Wednesday, &c.

LEESBURG, Oct. 21.—The Circuit Court for this county, Judge James Keith presiding, commenced to-day, but without any business being transacted adjourned till to-morrow.

The case of Mrs. Emily E. Lloyd, charged with the poisoning of her child, Maud, was called, but in the absence of one of the counsel for the defense, and by previous arrangement was postponed until Wednesday next, when it is expected that it will be taken up.

The crowd in attendance was not as large as expected, and the interest manifested, nothing like what was anticipated.

Gen. Huuton, one of the counsel for Mrs. Lloyd, was at Front Royal to-day and could not be present, on which account it was previously agreed that the case would not be taken up.

Prof. Toney, of Baltimore, one of the witnesses, was present.

Mrs. Lloyd is confined in the jail in very comfortable quarters, but shows very decided marks of mental depression and physical weakness, having fallen away from a stout to a very thin woman.

Radical Meeting.

LEESBURG, Oct. 21.—At two to-day a Radical meeting was held, with Wm. Williams as chairman, who, after taking the chair, made a few remarks, stating the object of the meeting, and excusing his failure, as Senatorial elector, to canvass the District.

At this writing Clinton Lloyd, a federal office holder, is making a speech, which seems greatly enjoyed by his party.

Col. Edward Daniels, the candidate for Congress in the Eighth District, is present, and it is understood will speak when Lloyd concludes.

LOCAL BREVITIES.

There was frost last night. The weather is fine.

A public temperance meeting will be held to-night at Arlington by the Excelsior Lodge of Good Templars.

The brick work on the front of the Hydration engine house will be "topped off" this evening.

Some colored people were baptised early yesterday morning in the Potomac, at the usual place off Battery Rodgers.

Passengers who passed Gordonsville last Saturday report the accidental burning of a colored man's house there early that morning.

One hundred and thirty car loads of cattle were brought here last week by the O. A. & M. R., nearly all of which went on through to the North.

Letters have been received from our young Alexandria friends in Costa Rica, up to the 1st inst. They were all in good health and spirits.

The slight alarm of fire yesterday afternoon, was caused by the burning of a chimney in the alley in rear of the store of Messrs. Creighton & Son, King street.

Mr. M. Ruben, at his restaurant, on Fairfax street, just north of King, cooks nice fried oysters, and knows how to serve them, as the lurch he sent to this office to-day will attest.

A disturbance occurred in Zion Church, colored, last night, during the services, during which bricks were thrown and great confusion occasioned.

A woman named Margaret Lucas, white, under the influence of liquor, created some excitement in the extreme northwestern portion of the city by her shrieks and screams last night.

Registration will commence in this city on the 24th inst., and continue on the 25th and 26th. In Jefferson Township, in the county, it will commence on the 26th, the place being the toll gate on the W. & A. Turnpike.

An application for a royalty of three cents upon every barrel of flour manufactured by him, will be made by Mr. G. Y. Worthington at the meeting of the City Council to be held to-morrow night.

Beverly Carter, a simple-minded son of old Aunt Charity Carter, colored, living at the upper end of Cameron street, has been missing for two weeks, and it is feared that some injury has befallen him.

The steamer Virginia, which was launched last week, has not yet had her machinery put into such order as to enable her to resume her trips on the Maryland ferry line, but will, it is supposed, recommence her regular trips in a short time.

The trial of J. T. Burnett, charged with threatening the life of his wife and with abducting one of their children, set for Saturday evening before Justice Bell, was continued until this evening in consequence of the absence of the defendant, who had taken the child to Philadelphia.

Two half barrels of fish were found by Mrs. Vacari early yesterday morning in her yard. It has since been discovered that they were stolen from the fish house of Mr. G. W. Harrison, and it is supposed that the thieves thinking they were followed deposited them in Mrs. Vacari's yard and run off.

TO A CARD TO THE VOTERS OF PRINCE WILLIAM COUNTY.—I am unwilling to jeopardize the success of the Conservative party in this county. I consider our organization necessary to be kept up. I have announced myself heretofore as a candidate for the office of Commonwealth's Attorney for this county. Two other gentlemen are in the field coinciding with me, I believe, in political sentiment. It is too late to talk about a convention. I deem it, therefore, my duty, after careful deliberation, to withdraw from the canvass, and I desire my friends to make this declaration known as extensively as possible. I have no special desire for the position, and whilst I thank those friends who urged me to become a candidate, I am unwilling to introduce discord and strife in our household. Both of the gentlemen who are now before you are my personal friends, and let them have a "square hand-up fight." It is for you to judge between them. It is only necessary for me to add that I do not wish any complimentary votes cast for me. I am positively no longer a candidate, for the reason which I have above assigned. Gratefully, your fellow-citizen,

CHARLES E. SINCLAIR.
